1. Product Registration.

To be entitled to our Limited Warranty you must register online at airvapeusa.com/pages/warranty-registration within 30 days of purchase from AirVape or an authorized reseller.

The Limited Warranty Period covers the lifetime of Apollo’s AirVape Legacy (“Product”) from the date of original retail purchase (“Warranty Period”). This Limited Warranty covers the unit (exclusive of battery) only. The product may consist of several different parts that may be covered by different warranty periods. Purchaser is charged a shipping plus handling fee of \$19.99 for the unit submitted to company for repair. To the extent allowed by the laws and regulations in the country of purchase the warranty period cannot be renewed, extended, transferred, or otherwise affected due to subsequent resale, replacement, or donations of the product. Only the registered product owner is eligible for replacement or repair of the product under this Limited Warranty.

3. Coverage details.

The Limited Warranty only covers the original end-user purchaser and is non-transferable. In the event the product is purchased as a gift; the online registrant will be deemed the original end-user purchaser under these terms. The Limited Warranty is only valid and enforceable in the country of purchase. The end-user purchaser is covered by consumer protection laws or regulations in the country of purchase; the benefits centered by Apollo’s Limited Warranty are in addition to all rights and remedies conveyed by such consumer protection laws and regulations. This Warranty is only valid and enforceable in the country of purchase, provided Apollo Design & Tech intended the product for sale in that country.

The Warranty covers any defects in material or workmanship under intended use during the Warranty Period. The Limited Warranty applies only to products manufactured by Apollo Design & Tech that can be identified by the “AirVape” trademark, trade name, or logo affixed to them.

4. Warranty request.

If you wish to make a claim under this Limited Warranty you must contact us by sending an email to cs@airvapeusa.com or calling our customer service (local or international telephone charges may apply) with your Warranty registration, to receive a return merchandise authorization (“RMA”) number. This RMA number must be included when you return the product or affected component (if not the entire product). Information about Apollo can be found in the product manual, or on the AirVapeUSA.com website. If the product is deemed ineligible or the Limited Warranty is otherwise considered void under these terms and conditions, we reserve the right to charge the handling fee up to \$39.99.

Apollo will, in a commercially reasonable time, repair or replace the Product or any of its parts that manifest a defect under intended use and maintenance for standard shipping + handling fee. If a defect exists, at its option Apollo will (1) repair the Product, using new or refurbished replacement parts, or (2) exchange the Product with the Product that is new or which has been manufactured from new or serviceable used parts and is at least functionally equivalent to the original Product. If the Product has been re-exported from the original destination country to another country, the Product may contain country specific elements that are not considered to be a defect under this Limited Warranty.

A replacement Product/Part assumes the remaining Warranty of the original Product. When a Product or part is exchanged, any replacement item becomes your property and the replaced item becomes Apollo's property. If the model has been discontinued, Apollo reserves the right to replace the unit with the next generation of the Product.

8. Non-Authorized online resellers and counterfeit Products. The battle to combat the dissemination of counterfeit devices is a laborious process and discovery often occurs months or years after purchase. Due to widespread issues with counterfeit Products being sold on sites such as eBay, Amazon, and Alibaba we cannot offer any warranty or services for products bought on these sites. This policy applies to all unauthorized online resellers. Products purchased from any online third-party seller, other than an Authorized Reseller, voids any Limited Warranty under these terms. Please note that you are solely responsible for determining whether any online third-party reseller from whom you purchased an Apollo product is an Authorized Reseller. Look for an AirVape Reseller Badge on their online listing.

While Apollo is sympathetic and would like to help victims of counterfeiting, we are not able to reimburse money used to purchase infringing or counterfeit goods, nor do we assist with the resolution of disputes. You should contact your payment provider regarding any fraud protection coverage or refund policy regarding your purchase from the third-party vendor.
